2026 IntGOMA Training Level Test

Entry No	

Introduce
Shooting at Trot, Canter

PURPOSE

To confirm the equine and rider have the necessary skills to perform mounted archery at the trot. All trot work may be ridden sitting or rising unless otherwise stated. Gaited horses may perform their respective gait instead of trot. Halts may be through the walk. All shots must be taken in the 2-point. READER PLEASE NOTE: Anything in parentheses should not be read.

Conditions: Arena Size: Standard or small
Average Ride Time: 5

Maximum Points	270

Target Number	Target Size	Target 1 Placement	Target 2 Placement
2	76 cm	7 meters outside between E&H	7 meters outside between E&H
Number of Arrows	1		

		Test	Directive	Coef	Points (0-10)	Total	Remarks
1.	A X C	Enter, working trot Halt, salute, Proceed working trot Track left	Regularity; willing calm transitions;straightness; immobility (Min 3 seconds)				
2.	E	20 meter circle	Regularity; bend and balance in turns; shape and size of circle;
